

Bureau of Indian Affairs, Interior

§ 168.7

the Hopi Tribe within the former Joint Use Area.

§ 168.4 Establishment of range units.

The Area Director will use Soil and Range Inventory data to establish range units on the Hopi Partitioned Area to provide for a surface land management program to restore the land to its full grazing potential and maintain that potential to the maximum extent feasible. The establishment of range units on Hopi Partitioned Lands is subject to the concurrence of the Hopi Tribe in accordance with § 168.17 of these regulations.

§ 168.5 Grazing capacity.

(a) The Area Director shall prescribe the maximum number of each kind of livestock which may be grazed on land under his jurisdiction without inducing damage to vegetation or related resources on each range unit and the season or seasons of use to achieve the objectives of the land recovery program required by the Settlement Act.

(b) The Area Director shall review the stocking rate upon which the grazing permits are issued on a continuing basis and adjust that rate as conditions warrant.

§ 168.6 Grazing on range units authorized by permit.

Grazing use on range units is authorized only by permits granted under paragraph (a) or (b) of this section.

(a) *Grazing permits to Hopi tribal members on their partitioned lands.* The Area Director shall assign grazing privileges to the Hopi Tribe for lands within Hopi Partitioned Lands. The tribal government will then allocate use to their tribal members for permit periods not to exceed five years. Grazing use by Hopi tribal enterprises may be authorized. The Area Director will issue permits based on the determination of the Hopi tribal government.

(b) *Interim Grazing Permit for persons awaiting relocation.* Navajo Tribal members who have maintained both a permanent residence on Hopi Partitioned lands; a livestock inventory since enumeration; and meet all the criteria listed in § 168.1(o), shall be eligible for an interim grazing allocation on Hopi

Partitioned Lands under the following terms and conditions:

(1) The Area Director shall first verify that an applicant meets the criteria of the definition in § 168.1(o) and will issue all permits.

(2) The permitted number shall not exceed either (i) 10 SUYL (See § 168.1(1)) for each eligible family member, or (ii) the grazing applicant's livestock inventory reduced by voluntary sales as adjusted by reproduction, in accordance with procedures developed by the Project Officer based upon the study by Stubblefield and Camfield, 1975 page 5. The determination of the person to whom permits will be issued and the number of livestock to be permitted will be based on information provided by the permit applicant and an assessment of the number of dependents residing in the immediate household.

(3) The permit shall authorize grazing for a specific number and kind of animal(s) in a specified range unit. Interim grazing permits will not be issued in excess of one-half the authorized carrying capacity of the Hopi Partition area.

(4) Subject to the provisions of § 168.9(b), permits shall expire when the person awaiting relocation is relocated pursuant to the Settlement Act. No interim permit will be issued for a term greater than one year. Permits may be reissued upon application and redetermination of eligibility. All interim permits will expire at the end of the period provided for completion of relocation, Pub. L. 99-190. When a Navajo permit holder discontinues grazing livestock or reduces the number being grazed whether by reason of his relocating or for any other reason, his grazing permit will be cancelled or reduced and no permit will be issued in lieu thereof. The total number of authorized animal units grazed by the Navajo permit holders awaiting relocation will be reduced by the number of animal units authorized under the cancelled or reduced permit.

[47 FR 39817, Sept. 10, 1982, as amended at 51 FR 23052, June 25, 1986]

§ 168.7 Kind of livestock.

Unless determined otherwise by the Area Director for conservation purposes, the Hopi Tribe may determine,

§ 168.8

subject to the authorized carrying capacity, the kind of livestock that may be grazed by their tribal members on the range units within the Hopi Partitioned Land area.

§ 168.8 Grazing fees.

(a) The rental value of all uses of Hopi Partitioned lands by persons who are not members of the Hopi Tribe, including eligible holders of interim permits, will be determined, and assessed by the Area Director and paid in accordance with 25 U.S.C. 640d-15.

(b) The Hopi Tribe has established an annual grazing fee to be assessed all range users on Hopi Partitioned Lands. The annual Hopi grazing fee shall be paid in full in advance of the annual effective date of the permit, prior to the issuance of a grazing permit. All interim permits will expire at the end of the period provided for completion of relocation, Pub. L. 99-190. Failure of the permittee to make payment in full in advance will be cause to deny issuance of the grazing permit.

[47 FR 39817, Sept. 10, 1982, as amended at 51 FR 23052, June 25, 1986]

§ 168.9 Assignment, modification and cancellation of permits.

(a) Grazing permits to Hopi tribal members shall not be reassigned, sub-permitted or transferred without the approval of the permit issuer(s).

(b) The Area Director may revoke or withdraw all or any part of any grazing permit in Hopi Partitioned Lands by cancellation or modification on 30 days written notice of a violation of the permit or special conditions affecting the land or the safety of the livestock thereon, as may result from flood, disaster, drought, contagious diseases, etc. Except in the case of extreme necessity, cancellation or modification shall be effected on the next annual anniversary date of the grazing permit following the date of notice. Revocation or withdrawal of all or any of the grazing permit by cancellation or modification as provided herein is effective on the date the notice of cancellation or modification is received and shall be appealable under 25 CFR part 2.

25 CFR Ch. I (4-1-00 edition)

§ 168.10 Conservation and land use provisions.

Grazing operations shall be conducted in accordance with recognized principles of good range management. Conservation management plans necessary to accomplish this will be made a part of the grazing permit by stipulation.

§ 168.11 Range improvements; ownership; new construction.

Except as provided by the Relocation Act, range improvements placed on the permitted land shall be considered affixed to the land unless specifically excepted therefrom under the permit terms. Written permission to construct or remove improvements must be obtained from the Hopi Tribe.

§ 168.12 Special permit requirements and provisions.

All grazing permits shall contain the following provisions:

(a) Because the lands covered by the permit are in trust status, all of the permittees' obligations on the permit and the obligations of his sureties are to the United States as well as to the beneficial owners of the lands.

(b) The permittee agrees he will not use, cause, or allow to be used any part of the permitted area for any unlawful conduct or purpose.

(c) The permit authorizes only the grazing of livestock.

§ 168.13 Fences.

Fencing will be erected by the Federal Government around the perimeter of the 1882 Executive Order Area, Land Management District 6, and on the boundary of the former Joint Use Area partitioned to each tribe by the Judgment of Partition of April 18, 1979. Fencing of other areas in the former Joint Use Area will be required for a range recovery program in accordance with the range units established under § 168.4. Such fencing shall be erected at Government expense and ownership shall be clearly identified by appropriate posting on the fencing. Intentional destruction of Federal property will be treated as a violation of 18 U.S.C. 1164.
